## JEAN LUC CORNILLE SCIENCE OF MOTION

<http://www.scienceofmotion.com/>

Through Jean Luc's extensively diversified and decorated equestrian career, he has become a master at equine performance analysis. Whether to simply improve the daily relationship between horse and rider or to prepare a horse for upper level performances, Jean Luc has garnered world-wide recognition for his ability to decipher and resolve the underlying cause of apparent physical inabilities or talent limitations. He combines this science with the best of French and German techniques and takes pleasure in working with horses & riders of all levels including beginner to international competitor.
